

RISD Pandemic Update - March 22

Due to this evening's Dallas County shelter in place order, RISD schools must now limit the pickup of essential items from schools to Monday, March 23 only.

RISD buildings will be closed at the end of day on Monday and no items can be retrieved after Monday. As a reminder, essential items include student devices that support at-home learning, essential medications left at school, and teaching materials for educators that are necessary to support at-home learning.

Individual schools may have specific plans for essential item pickup on Monday, and may communicate with parents before the morning. Otherwise, please call your school's front office before visiting to pick up an essential item.

RISD's free meal services are considered essential functions and will move forward as planned this week.

For the latest information about free meals during closure, please visit www.risd.org/freemeals.
