

If you're looking for a great basketball camp at a great price, come try Eagle Basketball Camp. It is a 4-day camp with quality coaches from around the area, including coaches from the boys and girls basketball programs here at RHS. We will also have former players on staff to work with our campers.

The Richardson High School Boys Basketball program just finished its first year under a brand new coaching staff, and had its first 20-win season in 11 years. We look forward to re-establishing the great tradition here...and can't wait to teach and work with the young student-athletes of tomorrow. The girls basketball program is coming off back-to-back playoff years and looks to continue their success.

We look forward to teaching basketball fundamentals and having fun in the process. Please contact me with any questions or concerns you have about the camp.

Sincerely,

Justin Reese
