

ACCELERATION SUMMER PROGRAM

This program provides students with an additional opportunity to obtain high school credits outside of the traditional school year, resulting in additional time during the academic year for other courses.

Due to unprecedented demand, we are opening additional Acceleration Summer School classes for certain courses.

Students already registered for Acceleration Summer School may NOT switch classes/sessions or get a refund. Rosters have been created and staffing allocations have been determined based on enrollment for the June sessions. No changes to existing enrollments will be allowed.

New (or additional) enrollments will be as follows:
